<b>STATEWIDE</b>							
Parks and Recreation Division 2009-2019 Strategic Plan "Sustaining 90 Years of Excellence"	DNRE	state	2009	state	overall management and planning of state parks, recreation areas, linear parks, scenic sites, harbors, recreational locks, and boating access sites	<a href="http://www.michigan.gov/documents/dnr/COMPLETE_DOCUMENT_Signed_279037_7.pdf">http://www.michigan.gov/documents/dnr/COMPLETE_DOCUMENT_Signed_279037_7.pdf</a>	work team: Paul Curtis, Vicki Anthes, Mary Nardo, William Boik, Chuck Nelson
Michigan's 2008-2012 Statewide Comprehensive Outdoor Recreation Plan (SCORP)	DNRE	state	2008	state	Under the federal Land and Water Conservation Fund (LWCF) program, Michigan makes money available to local units of government and other public agencies to acquire land and develop facilities for public outdoor recreation. In order to continue its eligibility to receive LWCF funding, the DNR must update its current recreation plan.	<a href="http://www.michigan.gov/dnr/0,1607,7-153-10366_37984-176508--,00.html">http://www.michigan.gov/dnr/0,1607,7-153-10366_37984-176508--,00.html</a>	
DNRE Ecoregional Plans	DNRE	state	EUP WUP NLP SLP	state	Strategies for <b>sustainable resource planning and management</b> ; utilize principles of ecosystem mgmt, GIS, and adaptive management techniques to sustain the diversity and productivity of Michigan's natural resources; inform State Forest Mgmt Plans	<a href="http://www.michigan.gov/dnr/0,1607,7-153-10366_11865--,00.html">www.michigan.gov/dnr/0,1607,7-153-10366_11865--,00.html</a>	
DNRE Biodiversity Conservation Planning Process (BCPP)	DNRE	state	NLP WUP EUP SLP	state	Establish a network of functional representative MI ecosystems that will <b>conserve, restore and protect native biological diversity</b> . Focus is on DNRE-administered lands, but cooperation with other landowners is essential; 10-year review cycle.	<a href="http://www.michigan.gov/dnr/0,1607,7-153-30301_30505_33935-105947--,00.html">www.michigan.gov/dnr/0,1607,7-153-30301_30505_33935-105947--,00.html</a> <a href="http://www.michigan.gov/documents/dnr/Implementation_plan_summary_268286_7.pdf">www.michigan.gov/documents/dnr/Implementation_plan_summary_268286_7.pdf</a>	
1. DNRE State Forest Mgmt Plan (2006 - ), 2. DNRE Regional State Forest Mgmt. Plans 3. DNRE Annual Plan of Work	DNRE	state	NLP WUP EUP SLP	state	<b>3-tiered planning structure for mgmt of Michigan's State Forest resources:</b> statewide, 4 regional operational plans completed by ecoteams, and unit level prescriptions from compartment reviews as summarized in the Annual Plan of Work	<a href="http://www.michigan.gov/documents/dnr/MichigansStateForestMgtStrategy_215508_7.pdf">www.michigan.gov/documents/dnr/MichigansStateForestMgtStrategy_215508_7.pdf</a>	

Southwest Michigan DRAFT

Game/Wildlife Area Wildlife Mgmt Strategy; Wildlife Action Plan	DNRE	state	2001 -	state	Framework and set of mgmt tools to <b>enable conservation partners</b> to implement a long-term holistic conservation approach for <b>all aquatic and terrestrial wildlife species.</b>	www.michigan.gov/dnr/0,1607,7-153-10370_30909---,00.html	
Fisheries Mgmt Strategy Basin Assessments River Mgmt Plans	DNRE	state		state	Fisheries Division is committed to managing for a healthy aquatic environment while providing the best fishing opportunities possible. Info on dams, fish disease, fish ladders and weirs, tagged fish, habitat mgmt, research	www.michigan.gov/dnr/0,1607,7-153-30301_31431---,00.html	
State Parks and Boating Mgmt. Strategy (zoning process)	DNRE	state	2009		<b>10-year plan providing direction for programs, operations and management</b> for Parks and Boating programs of Parks and Rec Division.	www.michigan.gov/dnr/0,1607,7-153-10365_45524---,00.html	
Species plans (deer, elk, bear, wolf, Massasauga rattlesnake, Karner Blue Butterfly, Kirtland's Warbler, Prairie fen/Mitchell's Satyr HCP)	DNRE	state	various		<b>species-specific land management plans</b> to provide/restore habitat for individual species populations		
DNRE Deer Management Areas	DNRE	state	2010	state	To prepare a strategic management plan for deer, issues and perspectives needed to be identified, science-based information provided and stakeholder perspectives explored. The deer planning team implemented a planning process, which was used to develop a citizen-approved strategic deer management plan.	http://www.michigan.gov/dnr/0,1607,7-153-10363_41153---,00.html	
Coastal Zone Program's Draft Coastal and Estuarine Land Conservation Plan	DNRE			Apr. 2008 draft	federal requirement for NOAA's CELCP funding	<a href="http://www.michigan.gov/documents/deq/deq-ess-clm-DraftCELCP-May07_211204_7.pdf">http://www.michigan.gov/documents/deq/deq-ess-clm-DraftCELCP-May07_211204_7.pdf</a>	
Potential Conservation Areas. (places on the landscape dominated by native veg that have levels of potential for harboring high quality nat. areas and unique nat. features)	MNFI		as needed		<b>Sites are ranked based on 7 criteria developed by MNFI: total size of site, size of core area, stream corridor presence, landscape connectivity, restorability of</b>	http://web4.msue.msu.edu/mnfi/services/landuse.cfm	

Biological-rarity Index / Conservation Rank	MNFI		as needed		Tool to evaluate the <b>relative conservation values of different areas</b> . An area's conservation value is based on the conservation ranks of the known occurrences in the area; <b>Rates sections based on frequency, state rank, global rank, and viability rank of EO's.</b>	<a href="http://web4.msue.msu.edu/mnfi/data/rarityindex.cfm">http://web4.msue.msu.edu/mnfi/data/rarityindex.cfm</a>	
Elemental occurrence data	MNFI	state	annual		raw occurrence data for plants and animals	<a href="http://web4.msue.msu.edu/mnfi/data/county.cfm">http://web4.msue.msu.edu/mnfi/data/county.cfm</a>	
Important Bird Areas	Audubon	state	2010		identify and conserve areas that are vital to birds and other biodiversity	<a href="http://www.audubon.org/bird/iba/michigan/">http://www.audubon.org/bird/iba/michigan/</a>	
Areas of Concern	US EPA	state			<b>severely degraded areas of the Great Lakes</b> ; fail to meet the general or specific objectives of the agreement where such failure has caused or is likely to cause impairment of beneficial use of the area's ability to support aquatic life.	<a href="http://www.epa.gov/glnpo/aoc/">www.epa.gov/glnpo/aoc/</a>	
Prairie Pothole Joint Venture	NA Waterfowl Mgmt Plan				<b>Protect in perpetuity</b> 1.4 million acres of high priority <b>wetlands</b> at risk (small and shallow wetlands less than 1 acre in size that are totally or partially embedded in cropland and which are currently unprotected) Protect in perpetuity 10.4 million acres of priority (over 55 acres in size) <b>grassland</b>	<a href="http://www.ppjv.org/goals2.htm">www.ppjv.org/goals2.htm</a>	
Healing Our Waters	NWF	Great Lakes states			comprehensive restoration plan that will <b>modernize sewage treatment, clean-up polluted harbors, restore wetlands, and prevent unwanted, new species from invading</b> the Great Lakes.	<a href="http://online.nwf.org/site/PageServer?pagename=glnrc_restoration">http://online.nwf.org/site/PageServer?pagename=glnrc_restoration</a>	

Southwest Michigan DRAFT

Michigan Karner Blue Butterfly Habitat Conservation Plan	DNRE	USFWS	2009	state	facilitate the conservation of the Oak Savanna Ecosystem, Karner blue butter (KBB) and other associated species of concern on non-federal land in MI. Outlines activities that will be conducted to maintain the early-successional habitat conditions necessary to support savanna species and communities. Integrates diverse land uses with conservation objectives by outlining measures to avoid, minimize and mitigate take of KBB and other species that could be caused by activities in occupied KBB habitat.	<a href="http://www.fws.gov/midwest/endangered/permits/hcp/kbb_mi/index.html">http://www.fws.gov/midwest/endangered/permits/hcp/kbb_mi/index.html</a>	Michigan Department of Natural Resources Wildlife Division Stevens T. Mason Building P.O. Box 30444 Lansing, MI 48909
Mitchell's Satyr Habitat Conservation Plan	USFWS	rangewid e	2009	state	prairie fen habitat conservation plan for globally endangered species	<a href="http://www.fws.gov/midwest/endangered/permits/hcp/mitchellsatyr/index.html">http://www.fws.gov/midwest/endangered/permits/hcp/mitchellsatyr/index.html</a>	
Comprehensive Conservation Planning for Great Lakes Islands	USFWS	state	current		<b>Lakes Superior, Huron, and Michigan:</b> will set wildlife, habitat and public use priorities and guide management decisions on the Refuges for the next 15 years. All aspects of	<a href="http://www.fws.gov/midwest/planning/GreatLakesIslands/index.html">www.fws.gov/midwest/planning/GreatLakesIslands/index.html</a>	
Kirtland's Warbler Wildlife Mgmt Area: Comprehensive conservation plan	USFWS w/ DNRE	state	2006- 2009		describes the management goals for the next 15 years and specifies objectives and strategies for meeting each goal. Primary approaches:	<a href="http://www.fws.gov/midwest/planning/kirtland/index.html">www.fws.gov/midwest/planning/kirtland/index.html</a>	
Comprehensive Water Planning Process	USGS		1988-89		streamline and coordinate the management of all water- and land-related resources	<a href="http://mi.water.usgs.gov/fdwatmng.php">http://mi.water.usgs.gov/fdwatmng.php</a>	
Great Lakes Strategic Plan	DU				Ecosystem approach based on <b>watersheds; waterfowl</b> monitoring focus; breeding,	<a href="http://www.ducks.org/Conservation/GLARO/3742/EcosystemInitiatives.html">www.ducks.org/Conservation/GLARO/3742/EcosystemInitiatives.html</a>	
Conservation And Recreation Land (CARL) database	DU/ TNC				<b>Record of conserved land</b> by ownership. Purpose is to guide conservation planning efforts within MI and across the Great	<a href="http://www.nature.org/wherewework/northamerica/states/michigan/science/art22873.html">www.nature.org/wherewework/northamerica/states/michigan/science/art22873.html</a>	

Parks and Recreation Division 2009-2019 Strategic Plan "Sustaining 90 Years of Excellence"	DNRE	state	2009	state	overall management and planning of state parks, recreation areas, linear parks, scenic sites, harbors, recreational locks, and boating access sites	<a href="http://www.michigan.gov/documents/dnr/COMPLETE_DOCUMENT_Signed_279037_7.pdf">http://www.michigan.gov/documents/dnr/COMPLETE_DOCUMENT_Signed_279037_7.pdf</a>	work team: Paul Curtis, Vicki Anthes, Mary Nardo, William Boik, Chuck Nelson
Michigan's 2008-2012 Statewide Comprehensive Outdoor Recreation Plan (SCORP)	DNRE	state	2008	state	Under the federal Land and Water Conservation Fund (LWCF) program, Michigan makes money available to local units of government and other public agencies to acquire land and develop facilities for public outdoor recreation. In order to continue it's eligibility to receive LWCF funding, the DNR must update its current recreation plan.	<a href="http://www.michigan.gov/dnr/0,1607,7-153-10366_37984-176508--,00.html">http://www.michigan.gov/dnr/0,1607,7-153-10366_37984-176508--,00.html</a>	
Tree Farm Program	Michigan Tree Farm	state			Interested landowners must have a minimum of 10 acres and be willing to develop a written management plan. The plan needs to meet the ATFS standards and guidelines. Although professional foresters will make recommendations and present options, the private landowner makes the decisions about how to manage the land and, in fact, does not have to harvest trees if this is not desired. Approximately every five years, the landowner must go through a reinspection to keep the management plan up to date with current ATFS standards.	<a href="http://www.huronpines.org/project/68">http://www.huronpines.org/project/68</a> <a href="http://www.michigantreefarmssystem.org">www.michigantreefarmssystem.org</a>	
<b>LAND CONSERVANCIES</b>

Lower St. Joseph/Galien River Watershed	Fishbeck, Thompson, Carr & Huber consulting	National Pollutant Discharge Elimination System (NPDES) Phase II communities	2007	watershed	watershed approach to fulfill NPDES Phase II Municipal Storm Water Discharge Permit requirements. The Berrien and Cass County urbanized areas are located in the Lower St. Joseph /Galien River Watershed; intended to identify and implement actions needed to improve water quality and reduce water quantity impacts by encouraging cooperation between diverse public and private entities in the watershed. Building on other plans, the focus of this plan is to alleviate the adverse impacts caused by wet weather discharges from separate storm water sewer systems in the watershed.	<a href="http://www.swmpc.org/downloads/Lower%20St.%20JosephGalien%20River%20WMP%20Final%20Report.pdf">http://www.swmpc.org/downloads/Lower%20St.%20JosephGalien%20River%20WMP%20Final%20Report.pdf</a>	FISHBECK, THOMPSON, CARR & HUBER, INC. RockyRiver Watershed Management Plan	St. Joseph County Conservation District	state	unknown	watershed	course of action to work cooperatively toward an environmentally and economically healthy watershed that benefits all stakeholders. The plan will identify pollutants and their sources, select, prioritize, and map the significant non-point source pollutants, and identify Best Management Practices (BMPs) to reduce these pollutants. The management plan was developed from the knowledge and expertise of the watershed stakeholders. An in depth description of this process is included in the Public Participation section of the Rocky River Watershed Plan.	<a href="http://www.stjoeriver.net/wmp/docs/RRPlan.PDF">http://www.stjoeriver.net/wmp/docs/RRPlan.PDF</a>	Sarah VanDelfzijl, Watershed Coordinator St. Joseph County Conservation District 693 East Main Street, Centreville, MI 49032 Phone: (269) 467-6336 ext. 4
